## **New version of Expedite**

**MDT is migrating to a new version of Expedite. Beginning with the January 25, 2007 letting, MDT will require that our contractors use version 5.6b. The old version 5.5a will not open the bid files that we will distribute for the January letting, so be sure to do this update. The new version is available on the Contracting/Consulting website under Expedite Software. The link is: <http://www.mdt.mt.gov/business/contracting/software.shtml> Instructions for installing the new version are also available at the same site. The software will also be available on a CD by calling 406-444-6216. For those of you who use a different version than 5.6b to bid with other states, you may leave both versions on your computer, but please make sure you use 5.6b when bidding with MDT. You will not see any significant changes to Expedite.**

**If you have any questions, or need help with the download or installation, please feel free to contact one of us at:  
406-444-6216 or 406-444-6213**
